HEALTY BOARD TO MAKE AN INQUIRY

Will Look Into Amalgamation of M. and M. and Butchers and Grocers.

DUTIES OF PRICE

If Organization Is Trust in Restraint of Trade, Utah Will Know.

If the Salt Lake Butchers and Grocers' association and the Manufacturers and Merchants' association could retrace the steps which they have taken toward effecting a consolidation and thereby obliterate all that the attempt has brought to the surface they would doubtless jump at the opportunity, for their proposed action has uncovered a mess which cannot do otherwise than precipitate both organizations into unlooked for difficulties. An investigation of the articles of incorporation and by laws of the Butchers and Grocers' association has brought out the fact that one of the objects of the organizathat one of the objects of the organiza-tion is for the arrangement and adjust-ment of price cutting; that it main-tains a "price committee" and that among the duties of the secretary and manager are those of directing the credit, collection and rating der ments. There are other things in articles about the propriety and legality of which there is considerable doubt and these will be treated later.

What Investigation Shows.

The investigation was conducted for the purpose of ascertaining if there is any community of interest between the Manufacturers and Merchants and the Butchers and Grocers and the conthe Butchers and Grocers and the con-clusion has been reached, after an in-spection of the articles of incorpora-tion of the two associations, that if they really have anything in common except what is equally applicable to all business organizations it is so incon-spicuous that it cannot readily be de-tected. The Butchers and Grocers' association is incorporated for the pur-pose of dealing in almost everything pose of dealing in almost everything from groceries to railroads and engaging among other things in the livestock and fire and life insurance business. The object for which the association is formed is "for the purpose of mutual protection and benefit of those who may become members thereof." who may become members thereof.

who may become members thereof.

On the other hand, it would appear from its articles of incorporation that the Manufacturers and Merchants' as sociation is anything but a selfish or ganization. It is formed to advance and encourage by social intercourse and friendly interchange of views the manufacture and expressions of Urah and freeders and expressions of Urah and freeders. facture and consumption of Utah products of all kinds.

Asks for Consultation.

Since the opinion has become current that the proposed consolidation will in-troduce into the Chamber of Commerce elements of a private business chaacter, which are not in accord with th cope and object of the other institu-ions which have their offices in the building, the directors of the Real Es-tate association have seen fit to ask for a consultation with the board of directors of the Manufacturers sultation was submitted to President O. H. Hewiett of the Manufacturers O. H. Hewlett of the Manufacturers and Merchants about two days ago, and although he was asked to name the place and time of meeting, no reply to the invitation has been received.

The officers of the Real Estate asso

ciation say that they do not intend to determine in advance whether there is malgamation will be detrimental to the pstitution, but that they think the enstitution, but that they think the Real Estate association is sufficiently interested to justify it in requesting that no change be made in the occurrence up. pancy of the Chamber of Commerce un-til the joint associations have deter-mined as to the advisability of the pro-

Possibilities Ahead.

No attempt will be made to predict the outcome of the conference, although it would seem that there is enough prima facie evidence in the articles of incorporation and by laws of the contracting organizations to put a damper on the entire proceedings. They show that the Butchers and Grocers' association maintains a private collection bureau and it is learned from the ob-ligation which is administered to all members that its meetings call for as much secreey as those of fraternal or ganizations. The oath in full is as fol-

"I egree upon my word of honor not to divulge any of the business transacted at any meeting of the association.'

That Price Committee.

But there are other things which not only militate against the amalgamation, but seriously affect the entire public. It would be interesting for instance to asserts in the duties of the "price com-mittee" mentioned in section 2, article 4, of the by-laws. Possibly this would explain why the cost of living is so high in Salt Lake City.

Another interesting thing would be some information in regard to the workings of the "rating department" mentioned in section 5, article 3, of the bylaws. Every number of the official pubcation of the association, or more propthe Butchers and Grocers is a branch, contains a list of names about which "information" is desired. Some who are interested in the workings of the organization are wondering if the print ed hist of names is not the outcome of

the following section of the by-laws:
Article 3 section 7—It shall be the
dutr of each member to furnish the
secretary, for the benefit of the memsecretary, for the benefit of the mem-bers of this association, the name of every person, firm or corporation on their books who are unworthy of credit or are slow and caracess in meeting their necounts when due, to enable him to complie a complete list of said names for the use and protection of each member of the association.

The Section on Credit.

"It shall be the further duty of each situation, as the only member not to extend credit to any which they will have person. firm or corporation who has mail order business.

BENEFIT CONCERT FOR THE STRIKERS

Fine Musical Programme Given at First Methodist Church.

benefit concert Commercial Telegraphers' Union of America, local No. 30, at the First COMMITTEE FEATURE Methodist church, Friday evening, was well attended. It was recognized by all present that the entertainment had not only accomplished its first purpose, that of raising means for the union, but that the evening had been most enjoyably spent. Most neticeable about the persons assembled was the hadge of the union men, "We stick," but the audience was not made up of these men and their friends exclusively, but also of those lovers of music who realized what a treat was in store for them.

Those who took part in the programme to help the cause rank high in musical circles in Salt Lake. Several rere winners in the Chantauqua recent-

were winners in the Chantanqua recently held at Wandamere, while others were of the profession.

The first number on the programme was a trie on the organ, piano and violin, by J. J. McClellan, Ed. P. Kimball and Morris Andrews. The first two are experienced artists, but Mr. Andrews is a boy of 16. Yet there were none who heard his work last evening who seemed to realize this fact. This trio also rendered another number later in the even-

Mr. Andrews also rendered "Cavatina," by Raff, and "Oberta Mazurka," by Wieniaski. These are the two compositions which Mr. Andrews rendered at the Chautauqua, and for which

dered at the Chautauqua, and for which he was awarded first prize.

Miss Hallie Foster, a prize winner at Wandamere, sang the same number which she rendered at the resort, name-ly "Good Bye." She also sang an en-core. Miss Edna Evans, another of the prize winners at the Chautauqua for vocal ability, sang "Fear Not Ye, Oh Israel." As an encore she sang "Chiel.' As an encore she sang 'Cu-'Marian Cannon, the fourth prize winner at the Chautanqua, to assist in the benefit programme, rendered the two pieces for which she received a prize at Wandamere. They were "Song of the Brook" and "To Spring." Horace Ensign and Fred Graham ap-

Horace Ensign and Fred Graham appeared separately, and then in a duetfrom "The First Christmas."

President Palm of local No. 30 thanked those present and those who ind taken part on the programme was under the direction of Fred Graham and the programme was under the direction of Fred Graham and the programme was under the direction of Fred Graham and the programme was under the direction of Fred Graham and the programme was under the direction of Fred Graham and the programme was under the direction of Fred Graham and the programme was under the direction of Fred Graham and the programme was under the direction of Fred Graham appeared to the programme was under the direction of Fred Graham appeared to the programme was under the direction of Fred Graham appeared to the programme was under the direction of Fred Graham appeared to the programme was under the direction of Fred Graham appeared to the programme was under the direction of Fred Graham appeared to the programme was under the direction of Fred Graham appeared to the programme was under the direction of Fred Graham appeared to the programme was under the direction of Fred Graham appeared to the programme was under the direction of Fred Graham appeared to the programme was under the direction of Fred Graham appeared to the programme was under the direction of Fred Graham appeared to the programme was under the programm

LABOR FEDERATION MAKES OBJECTION

Resolutions Against Opening Schools on Labor

The Board of Education was the subject of a resolution at the meeting of the Utah Federation of Labor Friday evening. It appears that the board has announced that school is to begin on the formula observe the Sunday closing ordinance to the letter and that any violation of the instructions would result in the revocation of the licenses of the offenders. All other concerns that are not content with the profits of six Labor day. The school session does days' business in one week will be dealt not begin on Labor day, but teachers' with in a similar peremptory manner. day. Several teachers have expressed themselves as not highly pleased with this programme. The resolution adopted by the Utah Federation of Labor at their meeting Friday evening fol-

ws: "To the Board of Education of Salt Lake City and County: Gentlemen—At a regular meeting of the Utah Federation of Labor, held August 23, the following resolution was adopted:
"Whereas, it has come to the notice of the Utah Federation of Labor that

the Salt Lake City and county school boards have seen fit to select Monday September 2, on which to commence their season's school exercises; and that as Monday, September 2, has been set apart by an act of Congress, it appears to us as an insult to the laboring man or woman, especially the school teach-

therefore, be it Resolved, that the Utah Federation of Labor do earnestly request and ex-pect that the school board take cogniz-ance of this fact, and change the date for the opening of the schools; and, be

Resolved, that a copy of this reso-Intion be given to the public press, and that a copy be sent to the school board, and that a copy be spread upon the minutes.

e minutes.

"Signed by your special committee.
"W. F. RAMSEY.
"F. W. CAMONILE.
"R. E. CURRIE."

At the meeting of the Utah Federa-tion of Labor, Friday evening, nine new delegates were admitted to the central body. There are now forty un-ions represented in this body.

Next Sanday morning the special La-ber day committee will meet to com-plete arrangements for the annual ob-servation of Lubor day.

been renorted as unworthy by member and upon satisfactory proof of the violation of this agreement as to extending credit to such delinquent by any of said members of this association, except in cases of distress. association, except in cases of distress, appealing to humanity, the membership of said person, firm or corporation so violating, shall be declared forfeited by a majority vote of the members present at the meeting when said violation shall be considered."

When it is recalled that the Butchers and Grocers' association includes in its membership nearly every every considered.

and orocars association includes in its membership nearly every retail grocer in the city; that it is managed by Mr. Jenseu, who is also manager of the State Retail Dealers association, there can be no question regarding the hene fits that some of the members of the Manufacturers and Merchants' association would derive from the amalgama-tion. The arricles of incorporation of the local retail organization show that one of the objects of the association is one of the objects of the association is to strangle competition, and that radi-cal methods are used to enforce this purpose. If the manufacturers units with the retail grocers the combination will be able to control the local food situation, as the only competition with which they will have to contend is the

CHIEF MAKES RAID ON THE WEST SIDE

Arrests Women Who Are Found in Questionable Resorts.

SURPRISED AT THE DEGRADATION HE SEES

Will Issue Order Today That All Saloons Must Close Sandays.

Chief McKenzie of the Salt Lake police visited the west side saloons and dives Friday and discovered a condition of affairs in which there is not only a chance but an urgent need of improvement. Many of these concerns had rooms at the rear that seemed from general appearance to be anything but the permissible accessories of so called respectable saloons. Entrance to these rooms was barred with lock and key and when the proprietors were com-pelled to open the doors it was found that the rooms were occupied, on fre-quent occasions, by both men and women. It was also apparent that some of the rooms were nothing less than "dope" joints, frequented by denizens that are lower in the scale of humanity than any who are found in the main part of the city.

Many Arrests Made.

The visit to the west side resulted in the arrest of many degraded char-acters and Chief McKenzie said after his return that these would be kept der strict surveillance hereafter. proprietors of the joints were notified that they must remove all the locks from the doors of these rooms and dispose of such articles of furniture as are not customary in well-regulated saloons. The visit was occasioned by the boast of the saloonkeepers, who declared in their recent dealings with the Juvenile court that they would conduct their business as they pleased. Fortunately for them, Chief McKenzie did not see any youths in their places of business while he was making the inspection.

PERSONAL MENTION

R. G. Bates, a second ligutenant of the Twenty-ninth infantry, the majority of which left for the Philippines a couple of weeks ago, left Fort Douglas Friday afternoon for Fort McKinley, near Portland Me. Mr. Bates was recently appointed a first licutenant of the coast artillery, and he now leaves to fill his appointment.

Lake left on a two weeks outing at Island Park, Ida., Friday night. This is Mr. Kluge's fourth annual trip to the island in fishing season. There is no place in the Rockies that equals Island Park in Mr. Kluge's opinion.

Must Close Sundays.

Today Chief McKenzie will provide himself with a list of all the saloons and billiard rooms in the city and the proprietors of these concerns will be notified by the Chief personally that they must observe the Sunday closing

UTAH COUNTY P. M'S SPEND DAY AT LEHI

Special to The Tribune.

BILLINGSSUGARFACTORY **COAL STORAGE ON FIRE**

Four Thousand Tons Now in Danger of Premature Destruction.

Special to The Tribune.

BILLINGS, Mont. Aug. 23.—A bill of store to coal heaped on the ground by the Billings Sugar factory. In anticipation of a coal famine this winter, is on fire, and has been burning fiercely for several days. Twenty men are working with ten teams moving the coal, and it is believed a large amount will be saved. The fire broke out of the peak of the great pile Tuesday. The cause of the fire is said to be spontaneous combustion. For a week previous rains have poured upon the heap and the smoke which was seen coming from the coal was supposed to be steam. At the present time it is estimated that \$1000 worth of the coal has been destroyed. Special to The Tribune.

EXPERIMENT WELL TO BE DRIVEN BY BOARD

Fairview.

Special to The Tribune LEHI, Aug. 23. The location of the state's experiment well which will be driven in Cedar valley in an effort to find a subterranean flow of water in the dry farming district will be on the southeast corner of section three, township eight, south range two, west Salt Lake meridisouth range two, west Salt Lake meridian. Messrs. Candland. Callister and Hayes of the State Land Board came down Wednesday and were driven from one end of the valley to the other and after taking into consideration the necessities of all sections decided to the above site. The spot located for the experiment is about midway between the Greely Springs in the south and Camp Floyed or Fairfield in the center, so that it is located in the middle south end of the valley. The valley is about 20 miles long by seven miles wide. The north end is reasonably well supplied with water for culinary purposes as is also the west center part. In the locality where the state well will be driven there is a shaft which has been sunk 210 feet deep through a light clay without even finding damp soil, but it is thought that a flowing well will be obtained at about 500 feet deepth.

The well will be used for furnishing water for culinary purposes on the dry farms and for furnishing water for the steam plow outfits which will be used. The state, by reason of an act of the last legislature, in which \$500 was appropriated, will pay for digging the well. Similar experiment wells will be located by the land board this week in doe vel-

Similar experiment wells will be located by the land board this week in dog val-ey west of Nephi and in Millard county

HUNTLEY DISTRICT HAS 1000 ENTRIES

New Homestead Region Site Has Over Five Hundred Farm Units Left.

Special to The Tribune. BILLINGS, Mont., Aug. 23 .- There was BILLINGS, Mont. Aug 23.—There was a rush at the land office place this morning at 9 o'clock that time marking the beginning of the period during which any person qualified to make a homestead entry may (lie on the lands of the Huntley National Irrigation project, which have not been appropriated. Altogether there were 531 farm units left unentered, after those of the first 1000 who saw fit to do so had made their fillings. Three men "camped" at the land office door all last night. Other homeseekers arrived during the night, and this morning at 5 o'clock twenty-five were in line at the land office door. Among the number was one woman.

STRIKING TELEGRAPHERS SECURE BENEFIT FUNDS

NEW YORK, Aug. 23.—The first strike benefits were paid tonight. The total amount paid was not made public, but it was said that it was sufficient to insure the comfort of all the operators on strike for a week to come. It was also stated at strike headquarters that there was enough money on hand to finance the strike for two weeks longer and enough more pledged to carry on the fight for ninety days.

accused of malfeasance in office.

P. EDWARD CONNOR camp, Sons of Veterans of Utah, will have its first outing Monday at Lagoon. The camp is a young one, of forty members. A general good time is promised at the outing.

THE FUNERAL of Perry J. Anson, who died last Wednesday evening, will be held from the family residence, 464 Second avenue. Sunday, August 25, at 2 o'clock, Friends of the family are invited to attend.

THE BOARD OF PUBLIC WORKS was to have held a meeting Friday night, but it was postponed until a week from today at 11 o'clock, when bids will be opened for several improvement contracts.

MRS SHANKER of 22 South Third Wost street has reported the loss of a carpet from her clothes line Thursday night. It is thought by the police that a thief entered the back pard under cover of darkness and abstracted the missing article.

THE FIRE DEPARTMENT responded to three alarms Friday, two being occasioned by grass fires, and the third, which was received about 5:30 p. m. by a gasoline fire in the home of Dr. Maclean, 325 South Fifth East street. The gasoline exploded while one of the women was lighting a fire in the stove. There was no loss.

There was no loss.

THE SUNDAY SCHOOL of the First word and also Tocole county spent Friday at Lagoon. The day unlike its predecessors this week, was dayold of rain, and as a result there was a large attendance at the resort. A special train carried the people from Tocole county to the resort. The usual Sunday school outing programme of races was carried out.

out.

BURGLARS ENTERED the home of C.

J. Bengtzen, 515 Somerby street, Thursday night and took a pocketbook containing a small sum of money and a pocketknife from the trousers of Mr. Bengtzen.
When Mr. Bengtzen retired he had left
bis clothing in the parlor and the burglars gained accers to this room by cutting a screen and raising the latch of
the door. It is thought that the burglary was committed by members of the
gang that has been operating in the city
since Sunday night. Chief of Felice Mekenzle has instructed the policemen to
arrest all suspicious characters.

LEADERS OF MEXICAN REVOLUTION CAUGHT

After Long Chase Through the United States and Canada, Landed in Los Angeles.

Identity of the Men. LOS ANGELES, Aug. 24 — With the ar-rest of four Mexicans here yesterday afernoon the revolutionary movement which under the name of La Junta has for three years been a source of endless trouble and annoyance to the administration of President Diaz is conceeded to have been stamped out. The men in custody have been hunted through the western half of the United States, into Canada, along the Mexican border, until the pursuit grew so hot that they were unable to venture out of doors in the day time. When finally overpowered in an obscure section of the city late today, the cries for assistance induced a crowd of several hundred people to pursue the carriage in which three of them were being transported. Excited countrymen threat end to mob the officers, calling them kidnapers and assassing.

The arrests were made by Thomas Furleng, head of a private detective agency in St. Louis, where the junta was for a time established, and where the proclamation calling for the overthrow of the present Mexican government was issued. The detectives were assisted by three members of the local police department. It was stated that as the men are really Fed. eral criminals, arrested on a charge of violating the neutrality laws, the use of the city fall was merely an accommodation.

The men under arrest are Richardo Flores Magoe, president of the junta, for whose arrest the Mexican government is said to have offered a reward of \$20,009. Liberado Rivera, the secretary; Modesio Dias, editor of La Revolucion, one of the four papers published by the funta, and Antonio I. Villareal. The latter is said to have escaped from fall in El Paso while awaiting deportation on charges connected with the incipient revolution in Cananea about two years ago. Antonia Lozano, Mexican consul'in Los Angeles, has been actively engaged in the pursuit of the men mox in custody. The course that will be followed in their cases will be determined by Envice Creel, Mexican embassador to the United States, who is expected in Los Angeles tomorrow. It is believed that the Mexican government under whose orders the St. years been a source of endless trouble and annoyance to the administration of

Mexican embassador to the United States, who is expected in Los Angeles tomorrow. It is believed that the Mexican government under whose orders the St. Louis detectives have been acting, will make every effort to secure possession of the revolutionists. "And in this case," said a prominent Mexican citizen last night, "they will be shot as soon as they set foot on Mexican soil."

TAYLOR IS READY TO RETURN TO KENTUCKY

Former Governor of Blue Grass State Willing to Stand Trial for Goebel Murder.

INDIANAPOLIS, Aug. 23 .- William Taylor, former Governor of Kentucky, whose extradition has been sought by that State since the assassination of Governor Goebel seven years

to be returned to the treasury of Kentucky, no part of it to be used in these prosecutions, thus putting my case on the same footing as that of other criminal cases, will guarantee that all trial juries in my case shall be composed of six upright Democrats and a like number of upright Republicans, will guarantee that bail will be granted me within the limits of \$100,000, will dismiss the indictments against all parties used as prosecuting witnesses except myself, leaving them free to testify without fear, coercion or restraint, and last, but by no means least, will in advance, by mutual agreement, se in advance, by mutual agreement, se-lect an able, upright and impartial DR D L. M DONALD successfully op-pressed on his father. John McDonald of Coalville, and removed a cyst from his hest, Thursday afternoon.

STATE AUDITOR I A FIRM ADDITION.

The state of immunity, voluntarily and gladly return to Kentucky, not only to testify in the Powers case, but to sub-mit myself. mit myself to trial before a jury of my native State.

PRODUCTION OF CAMP.

Closing Down of Two Big Mines Seriously Affects the Total.

ously Affects the Total.

GOLDFIELD, Nev. Ang. 23.—The output of the mines and lease of the Goldfield district for the week ending last night was 3417 tons, having an estimated value of \$399,775. This is 393 tons less than was shipped and treated locally last week, but the average production is greater than last week by nearly 2000 fons, when the fact is taken into consideration that the Mohawk mine, the heaviest shipper in the camp, has been shut down since last Sunday afternoon, owing to the walkout of the afternoon, owing to the walkout of the miners; and the Combination mine has been shut down since Wednesday from a similar cause. As a result the shipments from the Mohawk during the ments of the mineral m week just passed were 447 tons less than for the preceding week, while the Combination mine output was less than the week before by 160 tons. These figures show beyond question that the production is steadily increasing, and with all the producing mines and leases in operation the output should reach peration the output should reach tons a week before the middle of in operation September.

MUST FIGHT AGAIN FOR \$40,900 JUDGMENT

SAN FRANCISCO, Aug. 23.—Errors on the part of the trial court are assigned as reasons by the Supreme court for reversing the judgment which was street and the suntern Pacific. Fourty was a car repairer in the employ of the company, and while at work sustained the loss of both of his limbs. He sued for damages and was given a verdict for 250,000. The railroad people appealed and were today granted a new trial.

The judgment was the largest ever assigned in a damage suit for personal injuries in the history of the local courts. The accident occurred at Los Angeles.
